

# Make this a family activity !!

- Make a map of your home. Mark a door and a window which can be used to get out of every room
- Choose a meeting place outside the front of your home. This is where everyone can meet once they've escaped and where firefighters can see you and know you are out.
- Draw a picture of your outside meeting place on your map
- Write the emergency number (9-1-1) on your escape plan
- Sound the smoke alarm, and practice your escape drill with everyone in the home
- Keep your escape plan on the refrigerator, and practice the drill twice a year
